

DOMAIN SKILLING SKILL DEVELOPMENT CENTER REGISTRATION 2019 Process –

Notification dated 25th February, 2019

This has a reference to the DOMAIN SKILLING SKILL DEVELOPMENT CENTER REGISTRATION 2019 process on Bihar Skill Development Mission (BSDM) portal. At the onset we would like to invite you for being a part of the skilling ecosystem in Bihar.

SKILL DEVELOPMENT CENTER REGISTRATION 2019 Process Conditions

- The DOMAIN SKILLING SKILL DEVELOPMENT CENTER REGISTRATION 2019 process is due to **commence on the 28th of February, 2019**. The **last date for entering into the registration process will be 15th March, 2019**.
- The DOMAIN SKILLING SKILL DEVELOPMENT CENTER REGISTRATION 2019 process is a restricted registration process opened for a specific set of Courses and Districts/Blocks/Urban Local Bodies (ULB). The **course-wise and location wise SDC requirement list is provided as Annexure 1 for your reference**.
- Any application made outside the designated courses or locations (District/Block/ULB) shall not be entertained by BSDM and will be liable for rejection straightaway. If any declared combination of course and location is not matching any of the combinations stated in the list provided as Annexure 1 then that application will be rejected.
- As a measure for enhanced scrutiny the registration process will have an additional step upfront to declare the course and location to be chosen. Post this declaration BSDM will approve or reject the application in view of the prescribed norms and requirement based on only the desk appraisal due-diligence / analysis. Only if approved will the applicant be able to continue under the registration process.
- As an additional awareness measure a course – location wise applications dashboard (dynamic data display) will be provided on BSDMs website. All applicants are advised to check the opening / availability / application count before applying and preferably apply for combinations that do not already have equal to or more than the requisite applications made **as BSDM will use First-Come-First-Serve (FCFS) based on timestamp of reaching the “Recommendation on Location and Course By DMT” stage to decide in case of multiple applications being made against one course-location combination**.
- Also all applicant organizations to note that they will be selected for a maximum of only 10 of the floated requirements across multiple centres (if registered). In case an organization is first based on timestamp evaluation for more than 10 requirements across their different centres registered under this process they will finally be selected only for 10 requirements for which the timestamp of reaching the “Recommendation on Location and Course By DMT” stage is earliest.
- The registration process will constitute of Training Partner’s registration (declaration, verification and approval of Organization level details, PAN, Bank Account etc.) and Training centre registration (other centre related declarations). The Organization details, PAN card, organization’s registration document and bank account details furnished during TP registration shall override any similar declarations done during training centre registration.

- **Please complete all TP level declarations before entering the centre registration process. A detailed manual can be found on the BSDM website (www.skillmissionbihar.org). Please note that any applicant that has not completed organization details declaration under TP registration but has completed the requisite TC registration will not be considered for evaluation in spite of it being the first applicant based on timestamp.**
- **In case an organization wishes to apply for multiple centres across various locations all such centres should be registered through the same TP login.**
- All applicants while choosing location need to make sure that they declare the location specifically as the concerned ULB as opposed to just choosing the related block if their chosen centre is inside the boundaries of one of the Urban Local Body (ULB). If found otherwise during the physical verifications the application will be rejected.
- It's important to choose correct ULB and block mapping (if ULB declaration is done) in order to be eligible for undergoing evaluation. Incorrect mappings (for ULB level requirements) will be liable for rejection and will not be considered for further evaluation
- BSDM would like to notify that selection post the course-location declaration process does not guarantee on-boarding or eventual empanelment under the Domain Skilling Program. Final approval / empanelment as Domain Skilling SDC will be subject to the compliance to the prescribed norms (Please refer to BSDM website (skillmissionbihar.org) for detailed centre set-up norms and course wise mandates)
- Post physical verification of only the initially selected & approved (based on FCFS evaluation) and eligibility establishment the SDC will have to get itself approved on BSDM portal by abiding to the various BSDM SDC registration guidelines in the stipulated time in order to ensure Final approval / empanelment as Domain Skilling SDC.
- **This registration process is only a pool-creation process and selected applicants who set-up their centres and are finally approved post the requisite due-diligence will be allotted to any of the Domain Skilling implementing Departments / Funding entities as and when they ask for it. Please be aware that a gestation period for actual allotment to Departments / Funding entities may be there and thus applications may be made keeping this essential aspect in mind as training will commence only after actual work allotment by concerned Departments / Funding entities.**
- BSDM would like to notify that Final approval / empanelment as Domain Skilling SDC on the BSDM portal does not guarantee work / target allocation. The work / target allocation remains with the various Line Departments implementing their various domain skilling schemes and will be the sole discretion of those Line Departments with no involvement of BSDM.
